Reflect-A-Bird™ Bird Deterrent

Advantages & Benefits

- Silent, economical humane bird deterrent
- Uses wind, sunlight, and reflective flashes to scare birds away
- Great for use on buildings, boats and within agricultural settings
- Made of durable aluminum and plastic for outdoor use
- Easy to install, extremely effective
- Angled design (up to 90 degrees) allows Reflect-A-Bird™ to be installed in various directions
- Can be glued, screwed, or tied down to flat surfaces
- Effectively deters seagulls, pigeons, and more!

Bird-B-Gone Reflect-A-Bird™ is a silent wind-powered spinning visual bird deterrent that effectively scares birds away. The Reflect-A-Bird™’s mirror-like design uses sunlight and wind to create a distraction zone that confuses pest birds causing them to flee the area. The weatherproof aluminum and plastic construction make this bird deterrent ideal for outdoor use. For best results, use Reflect-A-Bird™ in conjunction with other visual or physical bird deterrents.

Bird Species: All birds
Where to Use: Buildings, boats and agricultural settings
Material: Weatherproof aluminum and plastic
Bird Pressure: Light to Medium

Angled design (up to 90 degrees) allows Reflect-A-Bird™ to be installed in various directions.
