Transparent Bird Gel

Advantages & Benefits

• Creates a sticky surface that birds cannot stand.
• Not harmful to birds and people.
• Designed for pigeons and starlings, not for use for non-targeted species of birds.
• Lasts up to 6 months outdoors.
• Effective from 15° F (-9° C) to 200° F (93° C).
• Virtually invisible.
• Easily applies with a caulking gun.
• To remove bird gel, use mineral spirits.

To install: Gel is applied in a zig-zag pattern about 3” (7.62 cm) high leaving periodic spaces for water drainage. Do not install on a vertical surface.

DRIPLESS CAULKING GUN:
This ergonomic gun makes installing gels easy. Sold separately.
